DNA Care

Enhances your immune system

DNA Care

100 vegetarian capsules

DNA Care contains health-promoting polyphenols including epigallocatechin-3-gallate (EGCG), a powerful antioxidant which has been the subject of extensive scientific research. The antioxidant activity of EGCG is about 25 – 100 times that of vitamins C and E. One cup of green tea provides roughly 200 mg of polyphenols and has antioxidant effects that are greater than a serving of broccoli, spinach, carrots or strawberries.

One capsule of DNA Care provides more polyphenols than you get from drinking three cups of green tea. This 98% green tea extract is standardized to provide high potency EGCG, by far the most important polyphenol green tea provides. And green tea powdered extracts have been shown to absorb 60% – 90% better into the bloodstream and to be far more bioavailable than drinking green tea itself.

Benefits at a Glance

- ✓ Scavenging reactive oxygen species such as superoxide and the hydroxyl and peroxy radical
- ✓ Fluid-stabilizing properties
- ✓ Possibly promoting weight loss
- ✓ Boosting the effectiveness of enzymatic phase II detoxification
- ✓ Helping maintain healthy cell proliferation
- ✓ Helping maintain healthy blood cholesterol, LDL and triglyceride levels already within normal range
- ✓ Enhancing immune function
- ✓ Displaying protective effects on brain tissues

DNA Care has been concentrated and dual standardized to ensure the highest quality, consistency and biological activity. This advanced extract contains 98% total polyphenols and 45% epigallocatechin-3-gallate (EGCG).

Supplement Facts

- Serving Size 1 vegetarian capsule
- Servings Per Container 100

Amount Per Serving

- Camellia sinensis extract (leaf) [std. to 98% polyphenols by UV **725 mg** (710.5 mg), 45% EGCG by HPLC (326.25 mg)]

Other ingredients:

- Vegetable cellulose (capsule), vegetable stearate, rice flour.

Dosage and Use

- Take one capsule per day without food, or as recommended by a healthcare practitioner.
- Each serving contains approximately 25 mg of caffeine (the amount found in 2/3 cup brewed green tea).
